

*Eat lunch on the run...
renew driver's license...
finish building garage...
pick up kids after school...
make restaurant plans...*

You've got a million and one things to do and time is of the essence. Visiting DMV in-person to conduct your business takes a bite out of your limited free time.

We understand...

That's why the Virginia DMV offers five alternative means for conducting your transactions: Internet, touchtone telephone, extraTeller kiosks, mail and Self-Service Centers. Check out the options on the reverse of this card – and save yourself a trip to DMV!

Why take the time to visit DMV in-person when there are so many other choices? Try one of our alternative services the next time you need to conduct a transaction with DMV – and save yourself some **valuable time!**

INTERNET

The Virginia DMV virtual customer service center offers 20 online transactions! Change your address, renew your driver's license and vehicle registration, purchase personalized plates and a host of other transactions. Log onto our web site at www.dmvNOW.com and explore our online transactions.

TOUCHTONE

You can conduct many transactions with just the touch of a few buttons using our **touchtone** telephone service. Dial toll-free 1-888-337-4782. Follow the instructions and enter your information using the buttons on your touchtone phone.

extraTELLER

We also have **extraTeller** kiosks at many of our customer service centers. extraTeller is a 24-hour service that allows you to:

- Renew your driver's license
- Renew your vehicle registration and
- Apply for a Personal Identification Number (PIN)

Or simply mail your driver and vehicle registration renewals. We are also piloting Self-Service Centers at some of our office locations to serve you better.

*Enjoy our
alternative service options...
you might even save enough
time for a leisurely lunch!*
